

## SpeakWrite Announces New Clio Integration, Expanding Seamless Workflow Options for Legal Professionals

### FOR IMMEDIATE RELEASE

#### **SpeakWrite Announces Expanded Legal Transcription Solutions to Help Law Firms Maximize Productivity and Revenue**

**Austin, TX — [7/15/2025]** — SpeakWrite, the leading provider of on-demand human transcription services for the legal industry, has announced its newest integration with **Clio**, the industry-standard legal practice management software used by more than 150,000 legal professionals globally.

This new integration enables Clio users to **automatically route completed transcription files directly into their Clio account**, streamlining the documentation process, improving matter management, and saving valuable administrative time.

The Clio integration joins SpeakWrite's growing suite of productivity tools, including existing **OneDrive and Google Drive** integrations, which allow legal professionals to effortlessly sync transcripts and audio files across their preferred cloud storage platforms.

"Our mission has always been to eliminate documentation burdens so legal professionals can focus on what matters most—serving their clients," said Richard Jackson, CEO of SpeakWrite. "By integrating with Clio, OneDrive, and Google Drive, we're making that mission easier to achieve by meeting users where they already work."

#### **Why This Matters for Law Firms:**

- **Faster Turnaround:** Completed transcriptions are delivered directly into Clio, eliminating the need to download, rename, and re-upload files.
- **Improved Compliance:** Maintain accurate, secure records within the systems law firms already rely on.
- **More Billable Time:** Spend less time on paperwork and more time on client work.

With no contracts, no minimums, and 24/7/365 availability, SpeakWrite's human-powered transcription service is trusted by thousands of law firms across the U.S. and Canada. All work is completed by trained legal transcriptionists, ensuring **accuracy, confidentiality, and compliance**.
